Firmware not updated. That firmware file is older than 2.27 .  
Use firmware version 2.27 or later.  
Estimated time to restart is 80 seconds. Please wait...  
After rebooting, follow the procedure below:  
1. Confirm that the router is connected to the PC.  
2. Use the AirStation Configuration Tool to access the AirStation and configure its settings.  
Refer to the user manual for more information.
